

For Sale, Land, Field, Nicosia, Tseri, 3,605m²

Life on the edge of Nicosia's suburbs has a lot going for it...

For Sale : **€ 57,000**

Description
Life on the edge of Nicosia's suburbs has a lot going for it, and this residential field for sale in Tseri shows why. It sits within walking distance of Lakatameia, in an established area with a genuine neighbourhood feel, where village life and city convenience sit side by side.

Everyday needs are close at hand. Supermarkets and shops, schools, cafés and restaurants, sports venues and public offices are all a short drive away. The centre of Nicosia and neighbouring Strovolos are easy to reach, and the orbital motorway brings the rest of the island closer.

The land extends to 3,605 m² and is zoned for residential use, giving room to picture a family home. Its shape is irregular and the ground is uneven, which gives it a natural, unpretentious character. This sale is for a half share of the land.

The real draw is the setting: a calm residential corner of Tseri, with Lakatameia on foot and the capital within easy reach.
