Description
Open countryside surrounds this agricultural field of 6689 m² in the Fikardou area of Nicosia District. It sits in a landscape-led setting, away from dense urban development. As agricultural land, it suits planting or farming.

The field has an irregular shape and uneven ground, and it has no direct road access of its own. Fikardou village centre, the neighbouring villages of Kalo Chorio Oreinis and Politiko, and a petrol station are all a short drive away. The main motorways lie in the wider region. This is a sizeable, uncomplicated piece of agricultural land in the hills of Fikardou.
