For Sale : **€ 16,000**

Description
Authentic Cypriot village life sets the tone for this residential field in Mitsero, a community with a strong local identity in the Nicosia countryside. The village centre, schools, restaurants and cafés are all a short drive away, as are neighbouring Agrokipia and Agioi Iliofotoi.

The land has a regular shape and an even surface, and it is already enclosed. These are uncomplicated features that make it easy to picture a family home taking shape here, in keeping with its residential zoning. Supermarkets, a petrol station and public service offices are within a drive, and the motorway can be reached in the wider region, so the city stays within comfortable reach.

For time outdoors, the Mitsero mines Lake and the countryside around Klirou are close by, offering a landscape-led setting away from dense urban development. This sale is for a three-quarter share of the field.

Level, enclosed residential land in a welcoming village, where a slower pace and a closer connection to nature come as part of the setting.
