For Sale : **€ 15,000**

Description
A piece of the Cypriot countryside in Palaichori Oreinis, this agricultural field for sale brings together three adjoining parcels offered as a single unit of 8,613 m². The land has an irregular shape and a sloping surface, in an open setting away from dense development.

The villages of Agios Epifanios Oreinis, Gourri and Apliki are a short drive away, and the Astromeritis – Evrychou Motorway lies in the wider region. The fields have no direct road access of their own. Together, the three parcels form one generous, continuous stretch of countryside land.
