Description
Set within the village of Pera, this residential field offers a generous 1,134 m² of flat, regular land in a setting with a strong local identity. Village life is all around you: schools are within walking distance, and the village centre, its cafés, restaurants and everyday shops are only a short drive away.

The level ground and tidy shape make the land simple to picture and easy to plan. Its residential zoning points to its natural use as the site of a family home, with space to shape the layout around the way you want to live.

The surrounding countryside adds to the appeal. Tamasos Lake and a nearby park are a short drive away, and the neighbouring villages of Politiko and Episkopeio are close by. Further afield, main roads and the motorway connect Pera with the wider Nicosia district.

A flat and well-proportioned piece of residential land, rooted in authentic Cypriot village life, with the lake and the countryside close at hand.
