For Sale : **€ 62,000**

Description
On the edge of Lakatamia, with its sports venues within walking distance, this residential field for sale in Tseri sits in an established suburb with a neighbourhood feel. Everyday life is easy here: schools, supermarkets, cafés and restaurants are all a short drive away, and so is Strovolos.

The land has a regular shape and a sloping surface that a thoughtful design can work with. Its residential zoning suits a family home, and the field has direct road access, so getting in and out is uncomplicated. Main roads and the Nicosia South Orbital Motorway are a short drive away, putting the town centre and the rest of the capital within easy reach.

Tseri sits right beside the city's busy suburbs, an appealing balance of location, function and flexibility. This sale is for a one-third share of the field.

What stays with you is the combination: residential land with direct road access, in a neighbourhood where schools, shops and the sports venues of Lakatamia are part of daily life.
