Description
A flat agricultural field in Agioi Trimithias offers 7,187 m² of open ground in the Nicosia countryside. Its level surface suits farming and planting, and its generous size leaves room to work the land in the way that suits you. The plot is irregular in shape, and it has no direct road access.

The field belongs to the farming community of Agioi Trimithias, with the neighbouring villages of Paliometocho and Anagyia a short drive away and the motorway network to Nicosia within easy reach of the area. It is a sizeable stretch of flat agricultural land in an open rural setting.
