For Sale : **€ 60,000**

Description
Parks, cafés and everyday shops are all within walking distance of this residential field in Kaimakli, one of the capital's established neighbourhoods. It offers a convenient urban setting where daily life runs smoothly and the wider city is never far away. The land is level and regular in shape, with direct road access, an uncomplicated starting point for anyone picturing a home in Nicosia. Its residential zoning points clearly to that use. Schools, medical centres and pharmacies are a short drive away, as are public service offices, petrol stations and bus links. Main roads are close by too, so getting across town or out of the city is straightforward. For those who enjoy local sport, North Pole Stadium is also within easy reach. This sale is for a one-eighth share of the field. Flat, accessible land with the conveniences of Kaimakli close at hand is what gives this field its lasting appeal.
