For Sale : **€ 33,000**

Description
An open field of 4,978 m² on the agricultural land of Palaiometocho, in the Nicosia countryside. The ground is even across the whole plot, which makes it practical to work, plant or simply hold as farmland. The shape is irregular, and the field has no direct road access.

The land belongs to the Palaiometocho community, with the neighbouring village of Agioi Trimithias within walking distance and Lakatameia a short drive away. The wider area is well served by main roads and the Nicosia motorway network. A generous, level piece of Cypriot farmland in a rural setting away from dense development.
