For Sale : **€ 30,000**

Description
A residential field for sale in Lympia, Cyprus, set in the open countryside of the Nicosia district, with authentic village life close at hand. It offers a landscape-led setting, well away from dense urban development.

The land covers 4014 m², and its regular shape and even surface make it simple to walk and easy to understand. It is zoned for residential use and has road access, so reaching it is uncomplicated.

Lympia keeps the traditional rhythm of a Cypriot community, with a slower pace and a strong local identity, yet it sits within the wider Nicosia district. The field is an honest, no-nonsense piece of land that is best appreciated on the ground.

This sale is for a half share of the field. Level, well-shaped land in a village setting with real character is the heart of its appeal.
