

For Sale, Land, Field, Nicosia, Moni Kato, 1,673m²

Village life in the Nicosia countryside, with schools, cafés...

For Sale : **€ 12,000**

Description
Village life in the Nicosia countryside, with schools, cafés and the village centre all a short drive away, is the setting for this residential field in Kato Moni. The neighbouring villages of Orounta and Agioi Iliofotoi are close by, and the green surroundings of the Mitsero mines lake are within easy reach for weekend walks.

The land covers 1673 m² and has a regular shape with an even surface, which makes it simple to understand and plan around. Its residential zoning points to a home, set among authentic village surroundings rather than dense urban development. The plot has road access, and supermarkets, main roads and motorway junctions are a drive away, so daily errands and trips into the city stay straightforward.

Kato Moni offers a slower pace and a close-knit community while keeping Nicosia within comfortable reach. This sale is for a half share of the land.

The result is an uncomplicated piece of residential land in an authentic Cypriot village, with an even, well-shaped plot that leaves room to picture a home.
