Description
This field in Kampia offers 9031 m² of agricultural land in an open countryside setting. It lies a short drive from the village centre and from the neighbouring villages of Kapedes and Politiko. The ground is irregular in shape and gently inclined, and it suits farming or planting in line with its agricultural use. The land has no direct road access. Kampia itself is a drive away from the Nicosia–Limassol motorway, which links the village with the rest of the district. This is a generous, versatile piece of farmland in the Nicosia countryside.
