Description
Set in an open countryside setting in the Nicosia district, this agricultural field in Lympia covers 5686 m². The ground has an even surface throughout, a practical base for planting or cultivation, while the field itself has an irregular shape.

The village centre of Lympia is a short drive away, as are the neighbouring villages of Mosfiloti and Psevdas. The Nicosia–Larnaca motorway is also a short drive from the area, linking it with both cities, and main roads and petrol stations are within easy reach.

This is a sizeable, level field of agricultural land in a farming area.
