For Sale : **€ 19,000**

Description
Set among the open countryside around Ergates, this residential field offers a generous, level stretch of land in a landscape-led setting away from dense urban development. Its flat surface and direct road access keep things simple, and its residential zoning points naturally towards a home of your own in the Nicosia countryside.

Everyday needs are a short drive away: schools, supermarkets and shops, restaurants and cafés, and the village centre itself. Neighbouring Psimolofou and Anagia are close by too, as are parks and green spaces. Main roads are a short drive away and motorway junctions a little further, so the wider district stays within easy reach.

The land has an irregular shape. It is an honest piece of ground, with traditional village charm all around it. This sale is for a one-sixth share of the field.

Level residential land, authentic Cypriot village life on the doorstep, and the convenience of nearby towns and roads make a quietly convincing combination.
