Description
This field in Nikitari covers 4348 m² of agricultural land in the open countryside of the Nicosia district. The ground is sloping and irregular in shape, with direct road access, in a landscape-led setting away from dense urban development.

Its agricultural zoning suits farming and planting. The village centre is a short drive away, as are the neighbouring villages of Pano and Kato Koutrafas, local petrol stations and the main road between Nicosia and Troodos. This is a versatile piece of land, a sizeable sloping field with its own road access in the Nikitari countryside.
