

For Sale, Land, Field, Nicosia, Kapedes, 3,178m²

Restaurants and cafés within walking distance,
Tamasos Lake...

For Sale : **€ 16,000**

Description
Restaurants and cafés within walking distance, Tamasos Lake a short drive away and the hills around Politiko close by: this residential land in Kapedes offers authentic Cypriot village life within easy reach of the capital. Set on sloping ground, the plot extends to a generous 3,178 m², with direct road access and an irregular shape that follows the natural lie of the land.

Its residential zoning supports a home, and the setting gives that idea real character. Kampia and Politiko are a short drive away, as are parks and green spaces. Schools, supermarkets and everyday services are a drive away, and the Limassol - Nicosia Motorway keeps both cities within comfortable reach.

Kapedes keeps a slower pace and a close-knit community, a landscape-led alternative to dense urban living. A house stands on part of the land and is not included in this sale. This sale is for a one-third share of the land.

It is village surroundings, open countryside and the water at Tamasos, all close at hand.
