For Sale : **€ 9,000**

Description
An agricultural field of 5,875 m² on the edge of Palaiometocho, set in open countryside with a natural landscape all around. The land is suited to farming or planting, or to keeping as a long-term holding in a rural setting. It has an irregular shape and an uneven surface.

The village centre, petrol stations and main roads are a short drive away, and the motorway to Nicosia is also a short drive, so the city stays within easy reach. This sale is for a one-third share of the field. The field offers a generous stretch of farmland in natural surroundings close to the capital.
