For Sale : **€ 9,000**

Description
Set among farmland in the open countryside of Kato Koutrafas, this agricultural field covers 3679 m² of smooth ground with a slight slope. It is irregular in shape and surrounded by other agricultural fields and undeveloped land, a landscape-led setting away from dense urban development. The field has no direct road access. The village centre and the neighbouring villages of Pano Koutrafas and Nikitari are a short drive away, with the main road between Nicosia and Troodos close by. Its agricultural zoning suits farming or planting. A versatile piece of land in a fully rural part of Kato Koutrafas.
