For Sale : **€ 23,000**

Description
In Pera Chorio, a short drive from the village centre and from neighbouring Nisou, lies a sizeable field of 2,600 m² with a regular shape and an even, level surface. It is an honest piece of land in a Nicosia district community, where everyday village life carries on close by.

About half of the land falls within a residential zone, leaving room for a home on that part. The other half lies within a protection zone. The field has direct road access, and the motorway runs along one of its boundaries.

Its flat ground and tidy outline make the land easy to walk and to picture, with the village close at hand. The sale is for a 1/3 share of the field.

A level, well-shaped piece of land in a village setting, well worth a visit.
