For Sale : **€ 9,000**

Description
This agricultural field in Pano Deftera sits in an open countryside setting beside the village of Agioi Trimithias, with Anageia a short drive away. The whole field covers 17336 m² and has an even surface, suited to farming and planting. Its shape is irregular.

Main roads and petrol stations are a short drive away, and the motorway network around Nicosia is within a reasonable drive. This keeps the land easy to reach from across the district. This sale is for a one-ninth share of the field. It is a versatile piece of Pano Deftera farmland with level, open ground.
