Description
A field of 1673 m² in Mitsero, set in open countryside in the Nicosia district. The land is almost rectangular with a sloping surface, and a rainwater strip runs along one of its boundaries. It is agricultural land, suited to planting or cultivation.

The village centre is a short drive away, as are the neighbouring villages of Agioi Iliofotoi and Kato Moni, and main roads are within reach by car. The field itself has no direct road access. This is a well-proportioned, uncomplicated piece of farmland in the Mitsero countryside.
