Description
This flat, open agricultural field lies in Kapedes, a short drive from the village centre and from neighbouring Kampia and Politiko. Its level ground suits farming or planting, and the land has direct road access.

Petrol stations, main roads and the motorways linking Nicosia, Limassol and Larnaca are all a drive away, so reaching the field from across the district is straightforward. This sale is for a one-third share of the field. It is a level, versatile piece of agricultural land in the Kapedes countryside.
