Description
This agricultural field for sale in Agia Varvara sits in the Nicosia countryside and covers 3679 m² of open farmland. The ground is even, which suits planting and cultivation, and its irregular outline follows the shape of the surrounding fields. The villages of Margi, Kataliontas and Kotsiatis are each a short drive away. The field is landlocked and has no direct road access. This sale is for a 19/24 share of the field rather than the whole. It is a level, open piece of agricultural land in a rural setting.
