Description
Two adjacent agricultural fields in Platanistasa together make up 5,120 m² of countryside land in the Nicosia district. The village centre is a short drive away, as are the neighbouring villages of Lagoudera and Alithinou. The Xyliatou Dam reservoir lies not far from the land.

The two fields form a single, irregularly shaped piece of land on sloping ground. The setting is open and rural, well away from dense development, and the main road network is a drive away. This is an uncomplicated piece of rural land in the Platanistasa countryside.
