For Sale : **€ 5,000**

Description
For sale: a field of 7,358 m² in Kapedes, lying within the village's agricultural land in Nicosia District and surrounded by open countryside. The village centre is a short drive away, as are the neighbouring villages of Politiko and Lazanias.

The field is irregular in shape, with an uneven, sloping surface, and it has no road access. It could be a practical addition to an agricultural holding in the area. This sale is for a half share of the field. It is agricultural land, suited to farming use in the Kapedes countryside.
