For Sale : **€ 4,000**

**Description**
For sale: a field in Palaichori Morfou, made up of two adjoining parcels offered together as a single piece of land of 2,816 m². It lies in an open countryside setting in Nicosia district, away from dense urban development. The villages of Agios Epifanios Oreinis, Gourri and Apliki are a short drive away, and the Astromeritis–Evrychou motorway runs through the wider region.

The ground slopes and has an irregular shape. The land has no direct road access. Together, the two parcels form one sizeable stretch of sloping countryside within the Palaichori Morfou area.
