Description
A level field is on the market in Peristerona, Cyprus, set among open farmland in the Nicosia district. The land covers 5166 m², with an even surface and an irregular shape. Its agricultural zoning makes it suited to farming or planting. Peristerona's village centre is a short drive away, as are the neighbouring villages of Orounta and Akaki, petrol stations and the main roads. The motorway network is a little further on. The field has no road access of its own. This sale is for a one-third share of the field. It is a versatile piece of agricultural land in an open countryside setting.
