Description
In the Fterikoudi countryside of the Nicosia district lies an agricultural field of 2,676 m². It sits a short drive from the village centre, and the neighbouring villages of Platanistasa and Agios Epifanios Oreinis are also a short drive away.

The land has an irregular shape and a sloping surface, and it shares a boundary with government land. Its agricultural zoning points to farming or planting. This is a sizeable piece of sloping farmland belonging to the village of Fterikoudi.
