Description
A field of 2007 m² in Kapedes, offering agricultural land in an open countryside setting within the Nicosia district. The ground slopes gently across an irregular shape, and the field is reached by a public pathway.

The village centre is a short drive away, as are the neighbouring villages of Politiko and Fikardou. Main roads lie within a drive, and the motorways linking Nicosia, Limassol and Larnaca are in the wider region.

This is a versatile piece of agricultural land, suited to farming or planting in a rural setting away from dense development.
