For Sale : **€ 3,000**

Description
An agricultural field in Kampos, set in an open countryside setting within the Nicosia district. The land covers 2007 m², with an irregular shape and a sloping surface. Its agricultural zoning makes it suited to planting and cultivation. The field has no direct road access.

The area offers a landscape-led setting away from dense urban development. The centre of Kampos village is a short drive away, as is neighbouring Tsakistra, with Frodisia a little further on. This is a versatile piece of agricultural land on sloping ground.
