Description
Set among the farmland and villages of inland Larnaca, this residential field in Psevdas offers generous open space in an authentic Cypriot setting. The village centre, cafés, schools and green spaces are all a short drive away, and neighbouring Agia Anna and Pyrga are close by.

The land covers 34,114 m², with a regular shape and a level surface that is simple to picture and plan around. It has direct road access, and its residential zoning points to a home in a landscape-led setting away from dense urban development.

Daily life stays practical here. Main roads and the Larnaca - Nicosia Motorway are within easy reach, so both cities stay well connected. Supermarkets and shops are a drive away, and Larnaca International Airport is about 15 km from the village. This sale is for a one-fourteenth share of the land.

With open land, an easy level surface and the slower pace of village life around it, this corner of Psevdas offers a closer connection to the authentic side of Cyprus.
