Description
An open field of 8696 m² is on the market in Kato Drys, Cyprus, set among the farming countryside of the Larnaca district. It sits on agricultural land and offers a versatile piece of ground for cultivation or planting.

The Kato Drys village centre is a short drive away, as are the neighbouring villages of Choirokoitia, Drapeia and Ora. The Nicosia–Limassol motorway is also a short drive away, with main roads and petrol stations nearby, so the wider island is easy to reach.

This is a generous agricultural field in a setting well away from dense urban development.
