Description
A sizeable field of 10368 m² in Palaiomylos, set in an open stretch of the Limassol countryside, away from dense urban development. The village centre is a short drive away, and the neighbouring villages of Agios Dimitrios and Lemithou are close by. A petrol station is within easy reach, and the main roads are a drive away, linking the land to the rest of the district. This is a generous, uncomplicated piece of the Cypriot countryside.
