

For Sale, Land, Field, Limassol, Paramytha, 353m²

Paramytha has the easy rhythm of a hillside community on the...

For Sale : **€ 2,200**

Description
Paramytha has the easy rhythm of a hillside community on the edge of Limassol, and this residential field sits just a short stroll from the heart of the village. For anyone searching for a field in Paramytha, it offers a foothold in a setting with a strong local identity, where village life and the city's conveniences both stay within reach.

The land is flat and rectangular, a simple, well-proportioned shape that is easy to understand. Its residential zoning points to the general use of the area: homes, set among neighbours in an established community.

Daily needs are well covered. Restaurants, cafés, schools, a park and petrol stations are a short drive away, as are the main roads and the neighbouring village of Spitali. The green spaces of Kalochi are close by for walks, while supermarkets, a medical centre and Limassol General Hospital are a drive away, along with motorway junctions for the coast and the city.

The field has no direct road access. This sale is for a one-eighth share of the land. What it offers is uncomplicated: level residential ground in authentic village surroundings, close to everything Limassol has to offer.
