Description
This sloping field sits on rising ground in Evrychou and covers 11706 m² of agricultural land in an open countryside setting. It has an irregular shape and an inclined surface, and it has direct road access.

With agricultural zoning, it is a versatile piece of land for farming or planting. The village centre is a short drive away, and so are the neighbouring villages of Agios Theodoros Soleas and Flasou. Petrol stations and the main roads are also close by.

It is a sizeable agricultural field with its own road access and ample ground to work.
