Description
A field of 6,791 m² in Evrychou, in the Nicosia district, set in open countryside. The land is irregular in shape with a sloping surface and has direct road access, so reaching it for planting and farm work is straightforward. It is zoned for agriculture and suits farming or planting. The village centre, petrol stations and main roads are a short drive away, as are the neighbouring villages of Agios Theodoros Soleas and Flasou. This is a generous, versatile piece of agricultural land with its own road frontage.
