Description
On the edge of Dali, in the Panagia Evangelistria quarter, this field for sale offers a generous 4153 m² of residential land in an established suburb with a real neighbourhood feel. It is a setting where everyday life and Cyprus history sit side by side, with the ancient site of Idalion and the heritage site of Agios Sozomenos both a short drive away.

The land is zoned for residential use, giving room to picture a family home here, with space around it and the town on hand. Chalkanoras Stadium is within walking distance. Schools, a supermarket, restaurants and cafés are a short drive away, along with the town centre and neighbouring Potamia.

Getting around is uncomplicated. The Nicosia–Larnaca motorway and its junctions are close, so the capital and the coast stay within easy reach while home remains in a more relaxed corner of the district.

This sale is for a share of the land. A broad stretch of residential land in Dali, where a relaxed way of life meets easy links across the island.
