Description
Authentic Cypriot village life sets the tone for this residential plot in Kalo Chorio Oreinis, a Nicosia district village with a strong local identity and countryside all around. Here, a new home can take shape on your own terms, away from dense urban development. At 511 m², the land offers a well-proportioned base for a private residence. Because it is residential land, you can build to your own specification and decide the layout, materials and finishes from the very first sketch, whether your taste runs to contemporary lines or a more traditional village style. Everyday needs are a short drive away: the village centre, schools, a supermarket, restaurants and cafés, a petrol station and a bus station. Neighbouring Klirou and Malounta are close by too, and main roads lie within easy reach for trips further afield. For weekends, the nature spots of Mitsero Mines Lake and Perátis are a pleasant drive from home. A slower pace, a close-knit community and the freedom to create a home that is entirely yours make this a setting to build a life around.
