Description
Up in the hill country of Nicosia district, this residential plot on higher ground in Kalo Chorio Oreinis offers a footing in authentic Cypriot village life. It is a setting with real mountain village character, where the pace is slower and the community is close-knit.

At 168 m², it is a compact, uncomplicated residential parcel, a starting point for a home planned around your own brief. You would have control over the layout, materials and finish, whether your taste leans contemporary or traditional.

Everyday needs sit a short drive away: the village centre, schools, a supermarket, restaurants and cafés, a petrol station and a bus station. The neighbouring villages of Klirou and Malounta are close by too. For time outdoors, the lake at the old Mitsero mines and the nature spot of Perátis are within a drive, and main roads lead on to the motorway network for trips further afield.

A small piece of the hills, with a village setting of real local identity, waiting for the home you have in mind.
