Description
Set within Latsia, an established suburb with a neighbourhood feel, this generous field for sale in Agios Georgios, Latsia, offers level ground in a setting where daily life is close at hand. Schools are within walking distance, and supermarkets, cafés, parks and a medical centre are all a short drive away.

The land is largely zoned residential, the kind of ground where a home could one day take shape. Its level lie makes it easy to picture the space, and the surroundings give it an uncomplicated, practical appeal. Neighbouring Lakatameia, sports venues and bus stations are also within easy reach, so the wider Nicosia area never feels far.

The field has no road access at present. This sale is for a one-quarter share of the land.

What stays with you is the location: a broad stretch of residential land in the heart of a well-served suburb, with schools nearby and the comforts of town all around.
