For Sale : **€ 250**

Description
Open countryside surrounds this agricultural field in Kampia, a village in the Nicosia district within a short drive of Kapedes and Politiko. The land totals 1,032 m², with an irregular shape and a sloping surface. It sits in a landscape-led setting away from dense urban development.

Its agricultural zoning suits farming or planting. The Kampia village centre is a short drive away, and petrol stations, the main roads and the Nicosia–Limassol motorway are a drive away. This sale is for a one-eighth share of the field. It is an uncomplicated piece of rural land in a farming landscape.
