Description
For sale: a field in Kampia, set in open countryside in the Nicosia district. The land covers 3345 m² of agricultural ground on a sloping surface and has direct road access. Its agricultural zoning suits farming and planting. The neighbouring villages of Kapedes and Politiko are a short drive away, as is the Kampia village centre. The Nicosia to Limassol motorway and its junctions can be reached by car, which makes the wider district easy to get to. This sale is for a one-eighth share of the field. It is a straightforward piece of farmland in a landscape away from dense development.
