For Sale : **€ 8,000**

Description
Village life and easy connections meet in this residential field in Troulloi, a community with a strong local identity in the Larnaca countryside. Restaurants and cafés are a short drive away, as is neighbouring Avdellero. Kellia and Oroklini, supermarkets, schools and a medical centre are all within reach, giving everyday life a sensible rhythm.

The land covers a generous 3252 m². It is regular in shape with an even surface, so it reads clearly on the ground and is simple to picture as a future home setting. It has direct road access, and both the Larnaca - Agia Napa Motorway and the Nicosia - Larnaca Motorway are a drive away, keeping Larnaca, Nicosia and the coast within comfortable reach.

Zoned for residential use, this is honest, uncomplicated land in a landscape-led setting away from dense urban development. This sale is for a one-ninth share of the land. Level ground, road access and authentic Cypriot village life all come together here in Troulloi.
