For Sale : **€ 9,000**

Description
Village life in the Larnaca countryside sets the tone for this residential field on the market in Troulloi, Cyprus. It is level, regular in shape and has direct road access. That makes it land that is easy to understand and easy to picture as the setting for a family home.

Troulloi offers authentic Cypriot village life, with the neighbouring villages of Avdellero, Kellia and Oroklini all within reach. Restaurants, cafés and a medical centre or pharmacy are a short drive away. Supermarkets, schools, sports venues and parks lie a little further. Both the Nicosia–Larnaca and Larnaca–Agia Napa motorways are a drive away, so Larnaca and the rest of the island stay well connected.

With residential zoning, an even surface and tidy proportions, the land is an uncomplicated starting point for a home of your own design. Around it is a landscape-led setting away from dense urban development. This sale is for a one-ninth share of the field.

Level ground, its own road access and the steady rhythm of a Larnaca village together make an appealing balance of location, function and flexibility.
