For Sale : **€ 5,000**

Description
Set on gently elevated ground in the village of Galata, this residential field offers a slice of authentic Cypriot village life in the foothills of the Troodos mountains. The forest park, with its pine-covered slopes and walking country, is only a short drive away, as is the neighbouring village of Kakopetria with its traditional character.

The land covers 827 m² of sloping, irregular ground on residential land, a setting that suits a home shaped around the lie of the land and the hills around it. Galata's village centre, restaurants and cafés, parks and green spaces are all a short drive away, with main roads close by for trips further afield. A school, a medical centre, shops and a bus station are within a reasonable drive.

For anyone drawn to mountain village character over city or resort living, Galata offers a slower pace and a close-knit community. This sale is for a half share of the land. What stays with you is the setting itself: village life on the edge of the Troodos forest.
