For Sale : **€ 250,000**

Description
Space is the headline here. This residential field for sale in Nea Pentalia covers a generous 30974 m² of gently sloping ground, set among village homes and open parcels, with the centre of the community a short walk away. It offers authentic Cypriot village life, with restaurants and cafés a short drive off and the neighbouring villages easy to reach. The land has direct road access, and its residential zoning points to a home of your own in a setting with a strong local identity. The irregular outline and natural slope give the land real character, the kind of shape a thoughtful design can work with rather than against. Beyond the village, the motorway is within a drive, Paphos International Airport is about 15 km away, and the ancient Sanctuary of the Paphian Aphrodite adds a touch of history to weekend outings. Above all, Pentalia offers an authentic alternative to resort living, with an expanse of land that few village plots can match.
