For Sale : **€ 145,000**

Description
Village life sets the tone for this residential field in Alona, a generous piece of land in a traditional community in the Nicosia district. With 5853 m² to work with, there is room to imagine a home with plenty of outdoor space around it.

The land has an irregular shape and a gently inclined surface, the kind of natural contour that can give a home real character. It enjoys direct road access, which makes reaching the site straightforward, and its residential zoning points clearly to a family home in an authentic village setting.

Everyday needs are a short drive away: the village centre, supermarkets and shops, schools, medical centres and pharmacies, as well as restaurants, cafés, parks and a sports venue. Main roads and bus stations serve the wider region, keeping larger towns within comfortable reach.

For anyone drawn to the authentic side of Cyprus, Alona offers a slower pace and a close-knit community, with generous land on which to build a life rooted in its village surroundings.
