Description
Authentic Cypriot village life sets the tone for this residential field in Astromeritis. The village centre, with its cafés, restaurants, schools, shops and everyday services, is only a short drive away. Neighbouring Potami and Peristerona are close by too.

The land extends to a generous 2342 m², with an even surface and an irregular outline. A local road leads to it, and the main roads are within walking distance. The motorway junctions are a drive away, so the capital and the wider district stay within comfortable reach. High-voltage power lines cross the field.

Because the land is zoned for residential use, it gives you the space to plan a home of your own. That home would sit in a landscape-led setting, away from dense urban development. Daily needs are handled nearby, and you keep the slower pace and close-knit feel of Astromeritis. The field offers an uncomplicated, honest opportunity rooted in a place with a strong local identity, where village charm and practical convenience sit side by side.
