For Sale : **€ 42,000**

Description
Village life sits right on the doorstep of this residential field for sale in Kokkinotrimithia, Cyprus, a community with a strong local identity on the edge of Nicosia district. Schools, supermarkets, shops and the village centre are all within walking distance, while restaurants, cafés and public service offices are only a short drive away.

The land is flat and neatly rectangular, an uncomplicated shape that is easy to picture as the setting for a future home on residential land. Around it, the area keeps a slower pace and a close-knit feel, with nearby Paliometocho and the green spaces of Gerogiannis adding to the appeal of everyday life here.

It is a setting that offers an authentic alternative to city living without losing touch with daily conveniences. Please note that the plot has no direct road access. This sale is for a one-third share of the field.

Level ground, a practical shape and the everyday rhythm of Kokkinotrimithia close at hand make this a piece of land with genuine village appeal.
