Description
This Cyprus plot in Kato Deftera covers 559 m² of even, regular ground on a corner, with direct road access on two sides and a green area opposite. Although the land is agricultural, the planning rules allow it to be used for a residential home. The village centre and petrol stations are a short drive away. Lakatameia sits right alongside, and the main motorways and junctions towards Nicosia are close at hand. A well-proportioned, level corner plot with its road access already in place.
